

unique You[®]

Parents, are you looking for a fun way for your child to spend time during school spring break?

Piscataway Township's Municipal Alliance is offering an exciting and engaging program called "**unique You**". Through a variety of fun and hands-on games and activities, children learn the important concepts of cooperation, teamwork and character. Young people today are faced with stresses that many parents and other concerned adults minimize or overlook. Pressure to fit in, stress related to school stress and dealing with bullying and peer pressure. This program is appropriate for youth in upper elementary grades (3rd through 5th)

unique You helps young people feel good about who they are by promoting self-worth, healthy living skills and effective group cooperation.

A separate program will be offered daily from Monday, April 10th through Thursday, April 13th at each of our locations as follows. Refreshments and incentives for attending all sessions will be provided.
